Description

Plastic Ballot Box 600 x 400 x H 335 mm with suitcase handles, cylinder lock, and an insertion slot in the lid. Ideal as a transport box for the conveyance of postal votes. The transport box has a capacity of 64 liters. The ballot box is sealed with a lid equipped with a lock. The lid features a slot in the middle through which the ballot papers and voting letters can be inserted into the box. Access to the contents of the ballot box is possible after unlocking the hinged lid. Additionally, the lid can be further sealed at the short sides. The size of the slot (200x30 mm - w x h) is large enough for accepting folded ballot papers (approximately 70 mm wide) and unfolded voting letters (162 mm). The ballot box is equipped with an extra reinforced bottom, two suitcase-style handles, and hinge reinforcements for the hinged lid. Upon request, we provide the ballot boxes with logo and/or text imprinting. Please inquire about the possibilities.
