BIG BOX plastic palletbox - 1200 x 1000 mm - 3 runners - green

Product specifications

Uitwendig (LxBxH)	1200 × 1000 × 790 mm
Inwendig (LxBxH)	1110 × 910 × 610 mm
Capacity	670 liter
Color	Green
Sidewalls	Closed
Material	HDPE
Article number	4.401.300.481
Weight (kg)	44,5 kg
Temperature range	-30°C to +70°C
Bottom	Closed, reinforced
European Article Number	7,4249E+12
Max. load capacity per box	500 kg
Max. static stacking load	4500 kg
Max. dynamic stacking load	1000 kg

Features

Dimensions and Capacity: With measurements of 1200 x 1000 x 790 mm and a capacity of 670 liters, it provides ample storage space for various goods.

Food Safe: Suitable for storage and transportation of food items, complying with hygiene and food safety standards.

Palletbox on runners: Equipped with three sturdy runners for stability and ease of movement with a forklift truck or pallet jack.

Durable construction: Closed side walls with a reinforced bottom enhance durability and protect the contents from external elements.

Drainage outlets: Equipped with both a 1" and a 2" drainage outlet on one short and one long side for easy emptying or dosing of contents.

Convex wall panels: Outward-facing, convex wall panels create up to 10% more volume compared to conventional pallet boxes.

Color options: Available in various colors such as green, gray, red, blue, orange, white, black, and yellow, aiding in color coding and organization

Description

The green plastic pallet box is an ideal solution for storage and transportation of food items, with a capacity of 670 liters and dimensions of 1200 x 1000 x H 790 mm. This BIG BOX pallet box sits on three sturdy runners and is equipped with closed side walls and a reinforced bottom, ensuring maximum stability and safety.

A convenient feature of this pallet box is the presence of both a 1" and a 2" drain outlet, located on both one short and one long side. This makes it easy to drain liquids or other contents, which is useful when handling various materials.

The design contributes to the efficiency of this pallet box. With convex, outward-facing wall panels, optimal volume is created within the container. This results in an improvement in usable space of up to 10% compared to conventional pallet boxes. This way, you can utilize every available space optimally, which is cost-saving and practical.

The pallet box is available in various colors, including green, gray, red, blue, orange, and yellow, giving you the opportunity to choose what best suits your specific needs or environment. With this versatility and functionality, the plastic pallet box offers a sustainable and efficient solution for various logistical challenges.
