

BIG BOX plastic palletbox - 1200 x 1000 mm - 3 runners - red

Product specifications

Uitwendig (LxBxH)	1200 x 1000 x 790 mm
Inwendig (LxBxH)	1110 x 910 x 610 mm
Capacity	670 liter liter
Sidewalls	Closed
Material	HDPE
Article number	4401.300.246
Weight (kg)	44,5 kg
Temperature range	-30°C to +70°C
Color	Red
Bottom	Closed, reinforced
European Article Number	7424909122183
Colorcode	RAL 3020
Max. load capacity per box	500 kg kg
Max. static stacking load	4500 kg kg
Max. dynamic stacking load	1000 kg kg
Brand	Schoeller Allibert

Features

Dimensions and capacity: 1200 x 1000 x 790 mm; 670 liters capacity, offering ample storage possibilities for various goods.

Food-grade: Suitable for the storage and transport of food products, meets hygienic and food safety standards.

Pallet box on skids: Equipped with three skids for stability and ease of movement with a forklift or pallet jack.

Durable construction: Closed side walls with a reinforced bottom increase durability and protect the contents from external elements.

Drain features: Equipped with both a 1" and a 2" drain facility on one short and one long side for easy emptying or dosing of contents.

Convex wall panels: Outward-facing, convex wall panels create up to 10% more volume compared to conventional pallet boxes.

Color options: Available in various colors such as red, gray, green, blue, orange, white, black, and yellow, which aids in color coding and organization.

Description

The red plastic pallet box is an excellent choice for the storage and transport of foodstuffs, with a capacity of 670 liters and dimensions of 1200 x 1000 x H 790 mm. This BIG BOX pallet box is mounted on three sturdy skids and equipped with closed side walls and a reinforced bottom, ensuring maximum stability and safety.

A practical feature of this pallet box is the presence of both a 1" and a 2" drain facility, located on both a short and a long side. This allows for easy draining of liquids or other contents, which is convenient when handling various materials.

The design of the pallet box enhances efficiency. With convex, outward-facing wall panels, an optimal volume is achieved within the box. This results in an increase in usable space by up to 10% compared to traditional pallet boxes. This maximizes every available space, which is cost-effective and practical.

The pallet box is available in various colors, including green, gray, red, blue, orange, and yellow, offering you the opportunity to choose what best suits your specific needs or environment. With its versatility and functionality, the red plastic pallet box provides a sustainable and efficient solution for various logistical challenges.
