Description

Pallet box type BIG BOX in size 1200 x 1000 mm. Equipped with four legs, closed walls, and a reinforced bottom. The pallet box features a 1" and 2" outlet provision on both one short and one long side. With its convex outward-facing wall panels, the pallet box achieves optimal volume, up to 10% more than conventional pallet boxes. The pallet container is made of homogeneous regenerated material and is liquid tight. Due to its impact-resistant construction and unique convex wall panels, this pallet box is very stable.
