Description

Bistro basket R350 has a base size of 350 x 350 mm and is suitable for loading with glassware, crockery, and cutlery. Equipped with a coarse-meshed bottom and open side walls for optimal rinsing and drying results. Additionally, the open side walls serve as handles. With our bistro baskets, we offer an excellent basket system for small (glass) dishwashers, often used behind a bar or buffet. Moreover, we also supply various accessories that enhance usability or expand application possibilities.
The inlet widths of bistro dishwashers can vary. The inlet rails in the dishwashers determine this. For this reason, our bistro baskets are available with 4 base sizes, and we offer a suitable basket for virtually every bistro dishwasher.
