Description

Plastic bucket heavy duty Ø380 x H280 mm with a capacity of 20 liters. Food-grade. The bucket is made of thick-walled plastic, making it suitable for heavy-duty applications. The bucket is equipped with a heavy handle in galvanized finish and a bottom rim to prevent abrasion. The plastic bucket is commonly used in the food industry. Suitable for the transport and storage of food and chemicals; also in freezing environments. Temperature resistance from -30°C to +70°C. Thanks to the smooth inner walls, it is hygienic in use and easy to clean. The plastic bucket has a volume indicator on the inner wall.
