Load capacity (kg)	10

Features

Lid provided with two snap-slide locks

With one case handle on the front

Lidded bins have a removable, hinged lid

All lidded bins with case handle are stackable with lid

Description

Gray plastic case with gray insert trays. The case has the Euro standard size of 400 x 300 mm and a height of 133 mm. The case is composed of a stackable container, hinged lid with two snap-slide closures and foam in the lid, a suitcase handle at the front, and gray insert trays with a customizable layout. The foam in the lid ensures that the insert trays are securely sealed during transport with the lid closed. This prevents the contents from spilling into another insert tray, making the case highly suitable for safe storage and transportation of parts and small items. The plastic case can also be stacked with lids alongside all other Euro standard cases and stackable containers.
