CB3 plastic palletbox - 1200 x 1000 mm - 3 runners - blue

Product specifications

Uitwendig (LxBxH)	1200 × 1000 × 740 mm
Inwendig (LxBxH)	1090 × 890 × 595 mm
Capacity	610 liter
Color	Blue
Sidewalls	Closed, reinforced
Material	HDPE
Article number	83281310
Weight (kg)	36,1 kg
Temperature range	-30°C to +40°C
Bottom	Closed, reinforced
European Article Number	7,42491E+12
Max. load capacity per box	700 kg
Max. static stacking load	5000 kg
Max. dynamic stacking load	1200 kg
Pallet quantity	4

Features

- **Dimensions: Length: 1200 mm**
- **Width: 1000 mm**
- **Height: 740 mm**
- **Capacity: 610 liters**
- **Color: Blue**
- **Type: CB3**
- **Construction: Made of plastic**
- **Bottom wall panels reinforced to prevent collision damage from forklifts**
- **Suitability: Food-grade**
- **Design: Equipped with three sleds (gliders)**
- **Compatibility: Perfect addition to an existing pool of Dolavs**

Description

Pallet box type CB3 with dimensions 1200 x 1000 mm, featuring hygienically smooth inner walls. The blue box is highly suitable for use in the food industry. CB3 pallet boxes are perfectly stackable with similar boxes and can therefore easily integrate into an existing pool of pallet boxes. The CB3 is produced in one piece with three molded runners. This minimizes breakage at these sensitive points. The CB3 pallet box is stable, impact-resistant, and has a low weight; almost 10 kilos lighter than comparable heavy-duty boxes. The pallet box is made of high-quality foamed HDPE plastic, which gives the CB3 an extremely high impact resistance. The lower wall panels of the pallet box are extra reinforced to prevent damage from forklift collisions. Additionally, the blue CB3 can be easily equipped with transponders for tracking & tracing of the box and its contents.
