Description

Pallet box type CB3 in the dimensions of 1200 x 1000 mm, featuring hygienically smooth inner walls. The yellow box is highly suitable for use in the food industry. CB3 pallet boxes stack perfectly with similar boxes, effortlessly integrating into an existing pool of pallet boxes. The CB3 is manufactured in one piece with three molded runners, minimizing breakage at these sensitive points. The CB3 pallet box is stable, impact-resistant, and has a low weight; almost 10 kilograms lighter than comparable heavy-duty boxes. The pallet box is made of high-quality foamed HDPE plastic, providing extremely high impact resistance. The lower wall panels of the pallet box are extra reinforced to prevent damage from forklift collisions. Additionally, the yellow CB3 can easily be equipped with transponders for tracking and tracing of the box and cargo.
