| Max. load capacity per box | 600 kg               |
| Max. static stacking load  | 600 kg               |
| Max. dynamic stacking load | 600 kg               |

## Features

Mobile plastic pallet box of type CB3

Dimensions: 1200 x 1000 x H 895 mm

Capacity: 610 liters

Food-grade material

Four galvanized swivel wheels

Closed side walls and reinforced bottom

Ideal for storage and transportation of goods in the food industry

Easily movable thanks to the four swivel wheels

Robust construction with closed side walls and reinforced bottom for extra durability

Suitable for use in various industrial environments, including warehouses, distribution centers, and factories

## Description

Mobile grey pallet box of type CB3 with four wheels. Dimensions 1200 x 1000 mm. The grey CB3 pallet box has smooth, flat inner walls and stands on four galvanized swivel wheels. The swivel wheels have a diameter of 125 mm and are equipped with a non-marking rubber tread. They are therefore shock-resistant, provide good sound insulation, and do not leave marks on the floor. The grey pallet box has closed side walls and a reinforced bottom. The lower wall panels of the CB3 box are additionally reinforced to prevent collision damage from forklifts. The mobile CB3 pallet box in grey is made of high-quality foamed HDPE plastic, making it exceptionally strong and impact-resistant. The grey CB3 pallet box is manufactured in one piece and has three co-molded pallet runners. Thanks to these runners, the mobile CB3 is easy to tilt with a (forklift) turntable. The flat, smooth inner walls make the mobile CB3 pallet box a multifunctional pallet box for the industry. The mobile version increases efficiency and ensures flexible workplace layout.
