Description

Black stacking bin with lid in Euro standard size 400 x 300 mm. The container can be stably stacked on other Euro containers, with or without lids. The lid container has a blue hinged lid, which is removable when in the open position. The container can also be stacked with the lid. Thanks to the reinforced bottom, the lid container can withstand extra heavy loads. Due to its dimensions, the lid container efficiently fits on a standardized pallet, roll container, and mobile base.
