Description

Stacking bin with lid in Euro norm size 600 x 400 mm. This version is composed of a completely closed stacking container with a green hinged lid and two snap-slide closures. The lid container is stackable with Euro norm cases, stacking containers, and other Euro norm lid containers. Due to the standardized dimensions, the lid container is also perfectly compatible with standardized pallets, roll containers, and mobile bases. Goods can be safely transported in lid containers, free from dust. We provide foam interiors, seals, and label holders as accessories for the lid containers.
