Description

Stacking bin with lid in Euro norm format 600 x 400 mm. This configuration consists of a completely closed stacking container with a yellow hinged lid and two snap-slide locks. The lid container is stackable with Euro norm cases, stacking containers, and other Euro norm lid containers. Due to its standardized dimensions, the lid container can also be perfectly combined with standardized pallets, roll cages, and mobile bases. Goods can be safely transported and kept free from dust within lid containers. We supply foam interiors, seals, and label holders as accessories for the lid containers.
