Bottom	Fine mesh, reinforced and suitable for use in basket transport machines with transport hooks
European Article Number	7,4249E+12

Features

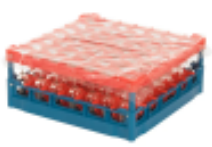

50.BK.100 cutlery basket has a fine mesh base, suitable for filling with loose cutlery

Cutlery basket 50.BK.100 is suitable for use in basket transport machines with transport hooks

Description

Green cutlery basket measuring 500 x 500 x H 109 mm. The cutlery basket features a fine-mesh bottom, preventing even small utensils from protruding through the openings. The bottom is reinforced, allowing for heavy loading of the cutlery basket. The cutlery is placed on the bottom of the green basket and washed while lying down. All our cutlery baskets are designed for washing cutlery in a lying or standing position. The baskets and cups are so finely meshed that the cutlery cannot fall through, ensuring optimal rinsing results.
