Description

Europallet type CR1, crafted from ECO-regranulate, boasts dimensions of 1200 x 800 x H 160 mm and features anti-slip strips on its pallet deck for enhanced stability. Equipped with 3 longitudinal pallet runners, closed blocks at the bottom, and open ribbed pallet runners, this pallet ensures secure handling during transportation.

With a design devoid of raised edges but furnished with anti-slip strips on the deck, the pallet incorporates specifically designed cutouts for securing spanbands, preventing any potential shifting during transit.

The static load capacity of this pallet stands at 7500 kg, while its dynamic load capacity reaches 1250 kg. In pallet racking systems, it can withstand a load of up to 1000 kg, ensuring versatile handling across various storage setups
