Euronorm stacking bin - 800 x 600 x H 120 mm
Product specifications

Uitwendig (LxBxH)	800 × 600 × 120 mm
Inwendig (LxBxH)	753 × 559 × 107 mm
Max. stacking load (kg)	250 kg kg
Capacity	45 liter liter
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	8.806012.D.1
Weight (kg)	3 kg
Temperature range	-10°C till +60°C
Color	Grey
Bottom	Closed, reinforced
Load capacity (kg)	40 kg

Features

Plastic stacking container in Euro norm size: 800 x 600 x H 120 mm, with a capacity of 45 liters.

Fully enclosed design for optimal protection of stored goods.

Reinforced bottom ensures extra strength and durability.

Suitable for stacking and combining with standardized pallets.

Ideal for storage of goods requiring protection against dust, moisture, and environmental influences.

Description

Fully enclosed stacking container in Euro norm dimensions 800 x 600 mm. The stacking container has a capacity of 45 liters and a height, including a reinforced bottom, of 120 mm. This large-volume stacking container is perfectly combinable with standardized pallets and roll containers with a width of 800 mm. The plastic stacking container of the Euro norm size measures 800 x 600 mm with a height of 120 mm and has a capacity of 45 liters. This type of container is completely closed and has a reinforced bottom for extra strength. Additionally, it is equipped with handles on both short sides, facilitating handling and movement. Due to its closed construction, this container is also suitable for storing goods that require protection against dust, moisture, or other environmental influences. The fact that it fits on Euro pallets makes it a convenient and standardized option for logistical purposes within Europe.
