European Article Number	7424900421438

Features

Fish boxes are stackable and nestable

With arrow marking as visual aid to stacking and nesting

With sloping base construction

Up to 65% of space is saved by the fish boxes' nesting principle

Description

Fish crate without drainage holes in size 800 x 400 x H225 mm. For safe and hygienic storage and distribution of fresh fish. The stack-nestable container is made from food-grade plastic. Nesting empty fish crates achieves up to 76% space savings. The arrow marking on the top edge of the fish crate indicates how the crate can be nested. The fish crate has a capacity of 40 liters and a load-bearing capacity of 25 kg. The fish crates are perfectly compatible with Euro pallets. Exactly three fish crates sized 800 x 400 mm fit on one Euro pallet. The fish crates are equipped with a provision for transponders. RFID chips are available upon request. For more information about these transponders, please contact our product specialists.
