Description

Foldable black plastic pallet collar (1200 x 1000 x H 200 mm) with six hinges, suitable for ISO pallets and block pallets with pallet size 1200 x 1000 mm. The plastic pallet collar is equipped with 6 hinges. This allows a folding length of 1200 mm to be achieved, and folded units fit perfectly on the corresponding plastic pallet; that is to say, without overhanging. The folded dimensions are 1200 x 230 x H 128 mm, resulting in 87% volume savings during empty return transport. The pallet collars have centering edges for centering on the pallet or for stacking multiple collars on top of each other.
