Pallet quantity	5

The waste container is fitted with four galvanised swivel castors, two with brakes.

With plastic wheel rim and rubber Ø 200 mm tread.

The four-wheeled waste container is suitable for emptying with the dustcart.

Description

Mobile red 1100-liter plastic waste container (1370 x 1190 x 1470 mm) equipped with Ø200 mm rubber tread. Galvanized swivel wheels, two of which have wheel stops. The 1100-liter waste container is certified according to DIN EN 840, making it suitable for all types of waste collection vehicles with emptying systems according to DIN EN 840. The container body and wheel attachment are extra reinforced, ensuring extreme durability. Equipped with special lifting pins on the sides. Highly suitable for professional and long-term use. The container body and wheel attachment are extra reinforced, allowing for extreme durability with a maximum load weight of 440 kg. Thanks to the smooth inner walls, dirt does not stick to the walls, making the waste containers easy to clean. The 4-wheel waste container is resistant to acid, weather conditions, and UV radiation.
