- **With plastic wheel rim and rubber Ø 200 mm tread.**
- **The four-wheeled waste container is suitable for emptying with the dustcart.**

Description

Mobile 660-liter plastic waste container (1370 x 780 x H1250 mm) equipped with rubber tread Ø200 mm and four galvanized swivel castors, two of which have wheel stops. The 660-liter waste container is certified according to DIN EN 840 and is therefore suitable for all types of garbage trucks with emptying systems according to DIN EN 840. Laterally equipped with special lifting pins. Highly suitable for professional and long-term use. The container body and wheel mounting are extra reinforced, making them extremely durable with a maximum filling weight of 265 kg. The waste container has a flat, hinged lid. Thanks to the smooth inner walls, dirt does not adhere to the wall, making the waste containers easy to clean. The 4-wheel waste container is resistant to acid, weather conditions, and UV radiation.
