Article number	81781810
Weight (kg)	43 kg
Pallet quantity	5

Features

The waste container is fitted with four galvanised swivel castors, two with brakes.

With plastic wheel rim and rubber Ø 200 mm tread.

The four-wheeled waste container is suitable for emptying with the dustcart.

Description

Mobile 770-liter plastic waste container (1370 x 800 x H 1370 mm) equipped with rubber tread Ø200 mm. Four galvanized swivel wheels, two of which have wheel stops. The 770-liter waste container is certified according to DIN EN 840, making it suitable for all types of garbage trucks with emptying systems according to DIN EN 840. The container body and wheel attachment are extra reinforced and therefore extremely durable, with a maximum load capacity of 310 kg. Equipped with special pickup pins on the sides. Highly suitable for professional and long-term use. The container body and wheel attachment are extra reinforced, ensuring extreme durability. The waste container has a flat, hinged lid. Thanks to the smooth inner walls, dirt does not stick to the walls, making the waste containers easy to clean. The 4-wheel waste container is resistant to acid, weather conditions, and UV radiation.
