Article number: 46.GB.21.PIO

Gastronorm insulated box with lid (stackable) - 600 x 400 x H 166 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 166 mm
Inwendig (LxBxH)	548 × 348 × 120 mm
Capacity	21 liter
Color	Black
Handles	Closed
Sidewalls	Closed
Material	Piocelan EPS
Article number	46.GB.21.PIO
Weight (kg)	0,6 kg
Bottom	Closed, smooth
European Article Number	7,4249E+12
Pallet quantity	52

Features

- **The clamp lid seals hermetically, minimizing temperature loss.**
- **Equipped with ergonomic bowl handles on both short sides.**
- **Produced from EPS, offering high insulation value and a long lifespan.**

Description

Insulation box 600 x 400 x H 166 mm, with removable clamp lid. The insulation box has a capacity of 21 liters and an internal Gastronorm size. This makes the insulation box suitable for accommodating Gastronorm containers. The box is suitable for keeping the cargo warm or cool for as long as possible due to its well-insulated walls and bottom. The insulation boxes are made of a hybrid plastic called Piocelan. This is EPS (expanded polystyrene) with additives. These additives make the material less brittle and fragile than standard EPS material. Moreover, Piocelan plastic has good insulating properties. The height of the box without the lid is 145 mm. The insulation box is supplied without the displayed GN pan.
