Article number: 30.113.3x4.U | Bedrukking mogelijk

Glass crate BASIC - 600 x 400 x H 130 mm for 12 glasses - max. height 103 mm and max. Ø 116 mm.

Product specifications

Uitwendig (LxBxH)	600 × 400 × 130 mm
Inwendig (LxBxH)	568 × 368 × 115 mm
Capacity	24 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.113.3x4.U
Weight (kg)	1,76 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
Maximum glass height	103
Maximum Ø glass	116
Pallet quantity	72

Features

- **Glass dimensions crucial for crate choice; measure glass height and widest point diameter.**
- **Plastic glass crate for rinsing, storing, and transporting 12 glasses or cups.**
- **Suitable for glassware and tableware with max height of 103 mm and max ? 116 mm.**
- **Glass size decisive in crate selection; if glass is taller than 103 mm or significantly narrower than ? 116 mm, this crate isn't suitable.**
- **Crate size 600x400xH130 mm, with 12 compartments ensuring individual units for each glass, preventing contact and ensuring optimal protection during storage, transport, and dishwasher cleaning.**
- **Coarsely perforated side walls and bottom allow easy access for rinse water and cleaning agents, ensuring a clean wash result.**
- **Euronorm-sized glass crates, compatible with other Euronorm bins and stackable without space loss on standardized supports, roll containers, and pallets.**
- **For further information, contact our product advisors.**

Description

Please note before placing your order!

The glass dimensions are crucial in choosing the crate. Measure the glass height and diameter at the widest point.

Plastic glass crate for rinsing, storing, and transporting 12 glasses or cups. This crate is suitable for glassware and tableware with a maximum height of 103 mm and a maximum diameter of 116 mm. The glass size is decisive in selecting the crate. If the glass is taller than 103 mm or much narrower than 116 mm in diameter, then this crate is not suitable. Please consider our other glass crates in this series.

The glass crate in the size of 600x400xH130 mm has a compartmentalization of 12 sections. Thanks to this compartmentalization, each glass has its own unit. The glasses do not touch each other, ensuring optimal protection during storage, transportation, and cleaning in dishwashers. Due to the coarsely perforated side walls and bottom, rinse water and detergent have good access to the glassware, resulting in a clean washing result. The glass crates are Euronorm-sized, making them perfectly combinable with other plate trays and stacking crates with Euronorm dimensions. Moreover, the glass crates can be stacked without space loss on standardized supports, roll containers, and pallets. For further information, contact our product advisors.
