Glass crate BASIC - 600 x 400 x H 130 mm for 15 glasses - max. height 103 mm - max. Ø 106 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 130 mm
Inwendig (LxBxH)	568 × 368 × 115 mm
Capacity	24 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.113.3x5.U
Weight (kg)	1,8 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,42491E+12
Maximum glass height	103
Maximum Ø glass	106
Pallet quantity	72

Features

- **Glass dimensions crucial for crate choice; measure height and diameter at the widest point.**
- **Euronorm glass crate 600x400 mm, 130 mm high, for cleaning, storage, and transportation of glassware and tableware.**
- **Suitable for glasses and cups with a maximum glass height of 103 mm and maximum Ø of 106 mm.**
- **Glass size determines suitable crate; if glass is taller than 103 mm or significantly narrower than Ø 106 mm, choose another crate in the series.**
- **Crate has 15 compartments for individual placement, preventing scratches and breakage during cleaning, storage, and transport.**
- **Coarsely perforated side walls and bottom ensure good access to rinse water and cleaning agents, leaving glassware completely clean after washing.**
- **Stackable Euronorm glass crates, combinable with other Euronorm bins without space loss on standardized supports, roll containers, and pallets.**
- **For more information, contact our product advisors.**

Description

Pay attention before ordering!

The glass dimensions are crucial when selecting the crate. Measure the glass height and diameter at the widest point.

Euronorm glass crate of 600x400 mm with a height of 130 mm. These crates are used for cleaning, storing, and transporting glassware and dishes. The crate is suitable for glasses and cups with a maximum glass height of 103 mm and a maximum Ø of 106 mm. The glass size determines which glass crate is suitable. If the glass is taller than 103 mm or much narrower than Ø 106 mm, choose another glass crate in this series. We are happy to advise you.

The glass crate is equipped with a division of 15 compartments, providing 15 individual spots for glasses and cups. Because the glasses do not touch each other, they are optimally protected against scratches and breakage during cleaning, storage, and transportation. Thanks to the coarsely perforated side walls and bottom, the crate allows good access for rinse water and detergent to reach the contents. The glassware is completely clean after cleaning in the glass crate. The Euronorm glass crates are stackable and combinable with other plate trays and stacking crates with Euronorm dimensions. Moreover, the glass crates can be stored and transported without space loss on standardized supports, roll containers, and pallets. For more information, please contact our product advisors.
