# Glass crate BASIC - 600 x 400 x H 130 mm for 24 glasses - max. height 103 mm - max. Ø 85 mm

## Product specifications

| | |
|---|---|
| Uitwendig (LxBxH) | 600 × 400 × 130 mm |
| Inwendig (LxBxH) | 568 × 368 × 115 mm |
| Capacity | 24 liter |
| Color | Grey |
| Handles | Open (four openings) |
| Sidewalls | Perforated |
| Material | HDPE |
| Article number | 30.113.4x6.U |
| Weight (kg) | 1,66 kg |
| Temperature range | -40°C to +70°C |
| Bottom | Perforated, reinforced |
| European Article Number | 7,4249E+12 |
| Maximum glass height | 103 |
| Maximum Ø glass | 85 |
| Pallet quantity | 72 |

## Features

- **Glass dimensions crucial for crate choice; measure height and diameter at the widest point.**
- **Euronorm crate for rinsing, storage, and transportation of glassware, suitable for 24 glasses/cups.**
- **Max. glass height 103 mm and max. Ø 85 mm determine suitability for the right crate.**
- **Crate in Euronorm format 600 x 400 mm, height 130 mm, with compartmentalization for 24 glasses.**
- **Individual units for glasses, prevents contact, optimal protection during storage, transport, and cleaning.**
- **Coarsely perforated side walls and bottom for good access to rinse water and cleaning agents, ensures a clean wash result.**
- **Stackable Euronorm glass crates, combinable with other Euronorm bins without space loss on standardized supports, roll containers, and pallets.**
- **For more information, contact our product advisors.**

# Description

**Attention before you place your order!**

**The glass dimensions are crucial when choosing the crate. Measure the glass height and diameter at the widest point.**

Euronorm crate for rinsing, storing, and transporting glassware. The glass crate with compartmentalization accommodates 24 glasses or cups with a maximum height of 103 mm and maximum Ø of 85 mm. The glassware dimensions are crucial in selecting the right glass crate. If the glass is taller than 103 mm or significantly narrower than Ø 85 mm, this crate may not be suitable. Check out the other glass crates in this series for a better fit.

This crate has Euronorm dimensions of 600 x 400 mm and is 130 mm high. Inside the glass crate, there is a compartmentalization allowing for the placement of 24 glasses. This ensures each glass has its own unit and they do not touch each other. Glassware is optimally protected during storage, transportation, and dishwasher cleaning. Thanks to the coarsely perforated side walls and bottom, rinse water and detergent have good access to the glassware, resulting in a clean wash.

The glass crates have Euronorm dimensions and are therefore perfectly combinable with other tray bins and stacking crates with Euronorm measurements. Moreover, these glass crates can be stacked without losing space on standardized supports, roll containers, and pallets. For more information, please contact our product advisors.
