Glass crate BASIC - 600 x 400 x H 154 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 154 mm
Inwendig (LxBxH)	568 × 368 × 140 mm
Capacity	29 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.115.0105.15
Weight (kg)	1,45 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,4249E+12
Colorcode	RAL 7040
Pallet quantity	60

Features

Also available as a complete basket including compartment dividers in various designs on our online shop.

Description

Plastic stackable crate measuring 600 x 400 mm with a height, including the reinforced bottom, of 154 mm. This robust gray stackable crate is made of food-safe plastic and equipped with a reinforced bottom and four open handles. The side walls and bottom are coarsely perforated, ensuring optimal ventilation of the crate's contents. Ideal for applications in the (industrial) food sector, textile industry, hospitality, and bakeries. Equipped with a compartment divider, the stackable crate serves as an ideal glass crate. Even under serious challenges like heavy loads and extreme conditions, this stackable container continues to function optimally. The bottom's deformation is nearly negligible. The stackable crate is certainly suitable for other purposes as well. Thanks to its Euro standard size, it perfectly stacks with other Euro standard crates and boxes, and can be transported on standardized pallets, roll containers, and mobile bases without losing space.
