# Glass crate BASIC - 600 x 400 x H 171 mm for 24 glasses - max. height 143 mm and max. Ø 85 mm

## Product specifications

| | |
|---|---|
| Uitwendig (LxBxH) | 600 × 400 × 171 mm |
| Inwendig (LxBxH) | 568 × 368 × 158 mm |
| Capacity | 33 liter |
| Color | Grey |
| Handles | Open (four openings) |
| Sidewalls | Perforated |
| Material | HDPE |
| Article number | 30.117.4x6.UO |
| Weight (kg) | 2,14 kg |
| Temperature range | -40°C to +70°C |
| Bottom | Perforated, reinforced |
| Maximum glass height | 143 |
| Maximum Ø glass | 85 |
| Pallet quantity | 52 |

## Features

- **Glass dimensions determine crate selection; measure glass height and widest point diameter.**
- **Euronorm crate designed for rinsing, storing, and transporting glassware.**
- **Crate accommodates 24 glasses, maximum height 143 mm, maximum Ø 85 mm.**
- **Incorrect dimensions (higher than 143 mm or narrower than Ø 85 mm) necessitate exploring other crates in the series.**
- **Euronorm crate size: 600 x 400 mm, 171 mm high.**
- **Double-compartment glass crate design for optimal protection of the most fragile part, the glass base.**
- **Glassware is completely clean post-cleaning in the crate due to coarse perforated sides and base facilitating access for rinse water and cleaning agents.**
- **Glasses do not touch each other, ensuring optimal protection during storage, transport, and dishwasher cleaning.**
- **Euronorm-sized glass crates are compatible with other Euronorm-sized plate trays and stackable crates, allowing efficient stacking without space loss.**
- **Contact our product advisors for more information.**

# Description

**Please note before placing an order!**

**The glass dimensions determine the choice of the crate. Measure the height of the glass and the diameter at the widest point.**

Euronorm crate for rinsing, storing, and transporting glassware. The glass crate with compartments accommodates 24 glasses with a maximum height of 143 mm and a maximum Ø of 85 mm. Glassware dimensions are crucial in selecting the appropriate glass crate. If the glass is taller than 143 mm or much narrower than Ø 85 mm, this crate may not be suitable. Explore other glass crates in this series for a better fit.

This crate has Euronorm dimensions of 600 x 400 mm and a height of 171 mm. The glass crate with double compartments can hold 24 glasses. The most fragile part of the glass, the base, is optimally protected thanks to the double compartment design. Glassware is completely clean after being washed in the glass crate. The coarse perforated side walls and base allow the rinse water and cleaning agent easy access to the glassware, ensuring a clean washing result. The glasses do not touch each other, thus providing optimal protection during storage, transport, and washing in dishwashers.

The glass crates have Euronorm dimensions, allowing perfect compatibility with other plate trays and stackable crates with Euronorm specifications. Additionally, the glass crates can be stacked without losing space on standardized supports, rolling containers, and pallets. For more information, contact our product advisors.
