Glass crate BASIC - 600 x 400 x H 171 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 171 mm
Inwendig (LxBxH)	568 × 368 × 158 mm
Capacity	33 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.117.0105.15
Weight (kg)	1,5 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,42491E+12
Colorcode	RAL 7040
Pallet quantity	52

Features

Also available in our webshop as a complete basket including compartmentalization in various designs.

Description

Stackable crate 600 x 400 mm made of food-grade plastic. A real powerhouse! Designed with coarsely perforated side walls and bottom for optimal ventilation of contents. The grey stackable crate is highly suitable as a bread crate in bakeries, but also excellent for use in the (industrial) food sector, textile industry, and hospitality. Equipped with compartmentalization, the stackable crate is an ideal glass crate. The bottom and side walls are reinforced. Even under heavy loads and extreme conditions, the bottom's deformation is nearly negligible. Due to its construction and material composition, it's a reliable crate for many applications. The stackable crate is versatile, partly due to its standardized dimensions. The 600 x 400 mm stackable crate perfectly combines with other Euro standard stackable bins and crates, as well as with standardized pallets, roll containers, and mobile bases.
