Glass crate BASIC - 600 x 400 x H 198 mm for 24 glasses - max. height 169 mm - max. Ø 85 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 198 mm
Inwendig (LxBxH)	568 × 368 × 183 mm
Capacity	38.3 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.120.4x6.UO
Weight (kg)	2,3 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,42491E+12
Maximum glass height	169
Maximum Ø glass	85
Pallet quantity	44

Features

- **The Euronorm crate is designed for rinsing, storing, and transporting glassware.**
- **Suitable for 24 glasses with a maximum height of 169 mm and a maximum diameter of Ø 85 mm.**
- **Glassware dimensions are crucial when choosing the right crate; other options available in the same series.**
- **The crate measures 600 x 400 mm with a height of 198 mm; accommodates 24 glasses with a double compartment.**
- **Double compartment ensures optimal protection for the most fragile parts of the glass, especially the foot.**
- **Coarsely perforated side walls and bottom allow good access for rinsing water and cleaning agents, resulting in clean glassware after washing.**
- **Glasses do not touch each other, ensuring glassware remains protected during storage, transportation, and cleaning in dishwashers.**
- **Euronorm glass crates are compatible with other Euronorm products and can be stacked on standardized bases, roll containers, and pallets without space loss.**
- **For further information, please contact our product advisors.**

Description

Attention before placing your order!

The dimensions of the glass determine the choice of crate. Measure the height of the glass and the diameter at its widest point.

Euro standard crate for rinsing, storing, and transporting glassware. The glass crate with compartments accommodates 24 glasses with a maximum height of 169 mm and maximum Ø 85 mm. The glass dimensions are crucial in selecting the appropriate glass crate. If the glass is taller than 169 mm or much narrower than Ø 85 mm, this crate is not suitable. Explore the other glass crates in this series for a better-fitting crate.

This crate has a Euro standard size of 600 x 400 mm and is 198 mm high. The glass crate with double compartments holds 24 glasses. The most fragile part of the glass, the base, is optimally protected thanks to the double compartment design. The glassware is completely clean after washing in the glass crate. Due to the coarse perforated side walls and base, the rinsing water and detergent have good access to the glassware, achieving a clean washing result. The glasses do not touch each other, ensuring optimal protection during storage, transportation, and cleaning in dishwashers.

The glass crates have a Euro standard size and can be perfectly combined with other plate crates and stacking crates with Euro standard dimensions. Moreover, the glass crates can be stacked without losing space on standardized supports, roll containers, and pallets. Contact our product advisors for more information.
