Glass crate BASIC - 600 x 400 x H 198 mm for 40 glasses - max. height 169 mm - max. Ø 65 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 198 mm
Inwendig (LxBxH)	568 × 368 × 183 mm
Capacity	38.3 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.120.5x8.UO
Weight (kg)	2,7 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,4249E+12
Maximum glass height	169
Maximum Ø glass	65
Pallet quantity	44

Features

- **Glass dimensions determine crate selection; measure glass height and widest point diameter.**
- **Plastic crate with compartmentalization for 40 glasses; measures 600x400 mm and 198 mm high.**
- **Suitable for cleaning, storage, and transportation of glassware and dishes with max glass height of 169 mm and max Ø of 65 mm.**
- **Crate size and layout are dictated by the content; choose another crate in this series if glass exceeds 169 mm height or Ø 65 mm width. Guidance available.**
- **Crate with double compartmentalization provides 40 individual spots for glasses, ensuring optimal protection against scratches and breakage during cleaning, storage, and transport.**
- **Upper and lower compartmentalization supports glassware with a foot; after cleaning, glassware is completely clean due to the crate's perforated walls and bottom, allowing easy access for water and cleaning agents.**
- **Stackable glass crates; easily combined with other plate bins and crates with Euronorm dimensions.**
- **Can be stored and transported without losing space on standardized supports, roll containers, and pallets. Contact our product advisors for more information.**

Description

Please note before placing your order!

The glass dimensions determine the choice of crate. Measure the height of the glass and the diameter at the widest point.

Plastic crate with compartmentalization for 40 glasses. The glass crate measures 600x400 mm and has a height of 198 mm. The crate is suitable for cleaning, storage, and transportation of glassware and dishes with a maximum glass height of 169 mm and a maximum Ø of 65 mm. The size and layout of the crate are determined by the content. If the glass is higher than 169 mm or wider than Ø 65 mm, choose another glass crate in this series. We're happy to advise you.

The glass crate with double compartmentalization provides 40 individual spots for glasses. The glasses don't touch each other, ensuring optimal protection against scratches and breakage during cleaning, storage, and transportation. The crate has both upper and lower compartmentalization, providing good support for glassware with a foot. Glassware is completely clean after washing in the glass crate. The crate's coarse perforated side walls and bottom allow water and cleaning agents to reach the crate's contents easily. The glass crates are stackable and can be perfectly combined with other plate bins and stackable crates with Euronorm dimensions. Moreover, the glass crates can be stored and transported without losing space on standardized supports, roll containers, and pallets. For more information, please contact our product advisors.
