Glass crate BASIC - 600 x 400 x H 224 mm for 24 glasses - max. height 196 mm - max. Ø 85 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 224 mm
Inwendig (LxBxH)	568 × 368 × 210 mm
Capacity	43.9 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.122.4x6.UO
Weight (kg)	2,64 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced (base implementation no. 15)
European Article Number	7,42492E+12
Maximum glass height	196
Maximum Ø glass	85
Pallet quantity	40

Features

- **Dimensions: The dimensions of the glass crate are 600 x 400 mm with a height of 224 mm.**
- **Capacity: The crate accommodates 24 glasses.**
- **Maximum glass height: It is suitable for glasses with a maximum height of 196 mm.**
- **Maximum diameter: Suitable for glasses with a maximum diameter of Ø 85 mm.**
- **Protection: The design safeguards glasses during storage, transportation, and cleaning through specific compartments preventing glass-to-glass contact.**
- **Versatility: It complies with Euronorm standards, making it compatible with other Euronorm-related storage and transportation equipment.**
- **Optimal cleaning: Thanks to perforated side walls and bottom, rinse water and cleaning agents access the glassware effectively for thorough cleaning.**
- **Protection of the most vulnerable part: The double compartment protects particularly the glass base, which is often the most fragile part.**

Description

Please pay attention before placing your order! The glass dimensions determine the choice of crate. Measure the height of the glass and the diameter at the widest point.
Euro standard crate for rinsing, storing, and transporting glassware. The glass crate with compartments accommodates 24 glasses with a maximum height of 196 mm and maximum Ø 85 mm. The dimensions of the glassware determine the selection of the correct glass crate. If the glass is taller than 196 mm or much narrower than Ø 85 mm, this crate is not suitable. Check out other glass crates in this series for a better fit. This crate has a Euro standard size of 600 x 400 mm and is 224 mm high. The double-compartment glass crate accommodates 24 glasses. The most fragile part of the glass, the base, is optimally protected thanks to the double compartments. Glassware is entirely clean after washing in the glass crate. Due to the coarse perforated side walls and bottom, rinse water and detergent have good access to the glassware, ensuring a clean washing result. Glasses do not touch each other, providing optimal protection during storage, transportation, and cleaning in dishwashers. The glass crates have a Euro standard size, making them perfectly combinable with other plate racks and stacking crates with Euro standard dimensions. Moreover, the glass crates can be stacked on standardized supports, roll cages, and pallets without space loss. For more information, contact our product advisor.
