Color	Grey
Bottom	Perforated, reinforced
European Article Number	7424908027007
Maximum glass height	222
Maximum Ø glass	65

Features

Glass dimensions are crucial in choosing the crate; measure the height and diameter of the glass at the widest point.

Plastic crate with compartmentalization for 40 glasses, dimensions 600x400 mm and a height of 250 mm.

Suitable for cleaning, storage, and transportation of glassware and dishes with a maximum glass height of 222 mm and maximum Ø of 65 mm.

Crate choice depends on glass dimensions; select another crate in the series if the glass is significantly lower than 222 mm or much wider than Ø 65 mm. Advice available.

Double compartmentalization offers 40 individual spots for glasses, protecting them from scratches and breakage during cleaning, storage, and transport.

Upper and lower compartmentalization supports glassware with a foot; coarse perforated side walls and bottom ensure complete cleaning after washing.

Stackable glass crates that perfectly fit with other Euronorm plate bins and stackable crates; easy to store and transport without space loss.

Compatible with standardized supports, roll containers, and pallets; for more information, contact our product advisors.

Description

Please note before ordering!

Glass dimensions determine the choice of crate. Measure the glass height and diameter at the widest point.

Plastic crate with compartments for 40 glasses. The glass crate measures 600x400 mm and has a height of 250 mm. Suitable for cleaning, storage, and transport of glassware and tableware with a maximum glass height of 222 mm and a maximum Ø of 65 mm. The crate's size and layout are determined by the content. If the glass is much lower than 222 mm or wider than Ø 65 mm, consider another crate in this series. We are happy to provide advice.

The glass crate with double compartments offers 40 individual spots for glasses. The glasses do not touch each other, ensuring optimal protection against scratches and breakage during cleaning, storage, and transport. The crate has upper and lower compartmentalization, providing good support for glassware with a base. Glassware is completely clean after cleaning in the crate, thanks to the coarse perforated side walls and bottom, allowing easy access for rinse water and cleaning agents.

The glass crates are stackable and perfectly compatible with other plate bins and stackable crates with Euronorm dimensions. Moreover, these glass crates can be stored and transported without losing space on standardized supports, roll containers, and pallets. Contact our product advisors for more information.
