Glass crate BASIC - 600 x 400 x H 280 mm for 24 glasses - max. height 255 mm - max. Ø 85 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 280 mm
Inwendig (LxBxH)	568 × 368 × 271 mm
Capacity	57 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.128.4x6.UO
Weight (kg)	2,64 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,4249E+12
Maximum glass height	255
Maximum Ø glass	85
Pallet quantity	32

Features

- **Suitable for rinsing, storing, and transporting 24 glasses (maximum height: 255 mm, maximum Ø: 85 mm).**
- **Crucial role of glass dimensions in choosing the right crate; unsuitable for significantly lower glass sizes than 255 mm or much narrower diameters than Ø 85 mm.**
- **Euronorm-sized crate (600 x 400 mm) with a height of 280 mm and double compartmentalization for 24 glasses with optimal protection for the glass base.**
- **Glassware is completely clean after cleaning in the crate due to coarse perforated side walls and bottom for a clean washing result.**
- **No contact between glasses; optimal protection during storage, transport, and cleaning in dishwashers.**
- **Compatibility with Euronorm plate bins and stackable crates, stackability without space loss on standardized supports, roll containers, and pallets.**
- **For further information, please contact our product advisors.**

Description

Please note before placing your order!

Glass dimensions determine the choice of crate. Measure the glass height and diameter at the widest point.

Euronorm crate for rinsing, storage, and transportation of glassware. The glass crate with compartments accommodates 24 glasses with a maximum height of 255 mm and maximum Ø of 85 mm. Glassware dimensions are crucial when selecting the appropriate glass crate. If the glass is significantly shorter than 255 mm or much narrower than Ø 85 mm, this crate is not suitable. Explore other glass crates in this series for a better fit.

This crate has Euronorm dimensions of 600 x 400 mm and is 280 mm high. The glass crate with a double compartment accommodates 24 glasses. The most fragile part of the glass, the base, is optimally protected thanks to the double compartment. The glassware is completely clean after cleaning in the glass crate. Due to the coarse perforated side walls and base, the rinse water and cleaning agent have easy access to the glassware, ensuring a clean washing result. The glasses do not touch each other, ensuring optimal protection of the glassware during storage, transportation, and cleaning in dishwashers.

The glass crates have Euronorm dimensions and can be perfectly combined with other dish racks and stackable crates with Euronorm dimensions. Moreover, the glass crates can be stacked on standardized bases, roll containers, and pallets without space loss. For more information, please contact our product advisors.
