Glass crate BASIC - 600 x 400 x H 280 mm for 33 glasses - max. height 255 mm - max. Ø 75 mm

Product specifications

Uitwendig (LxBxH)	600 × 400 × 280 mm
Inwendig (LxBxH)	568 × 368 × 271 mm
Capacity	57 liter
Color	Grey
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.128.33.UO
Weight (kg)	2,92 kg
Temperature range	-40°C to +70°C
Bottom	Perforated, reinforced
European Article Number	7,4249E+12
Maximum glass height	255
Maximum Ø glass	75
Pallet quantity	32

Features

Dimensions and Capacity: The crate has a standard size of 600 x 400 mm and a height of 280 mm, designed to accommodate 33 glasses.

Glass Height and Diameter: It is suitable for glasses with a maximum height of 255 mm and a maximum diameter of Ø 75 mm.

Protection of Glassware: The crate is specifically designed to protect each glass individually. The compartmentalization prevents contact between glasses, preventing damage during storage, transportation, and cleaning.

Versatile Use: Suitable for rinsing, storing, and transporting glassware. Ideal for both commercial use in bars and restaurants and for home use.

Compatibility: This crate has a standard Euro norm size and can easily be combined with other Euro norm bins and storage solutions.

Optimal Cleaning: Thanks to the coarse perforated side walls and bottom, rinse water and cleaning agents have optimal access to the glassware for thorough cleaning.

Transport Protection: The double compartment provides additional protection for the most vulnerable part of the glass, the base, during transportation and storage.

Stackability: Can be stacked on standardized bases, roll containers, and pallets without wasting space.

Description

Please pay attention before placing your order!
The dimensions of the glass determine the choice of crate. Measure the height of the glass and the diameter at its widest point. Euro-standard crate for rinsing, storing, and transporting glassware. The glass crate with compartments accommodates 33 glasses with a maximum height of 255 mm and maximum Ø of 75 mm. The dimensions of the glassware determine the selection of the appropriate glass crate. If the glass is significantly lower than 255 mm or much narrower than Ø 75 mm, this crate is not suitable. Check the other glass crates in this series for a better fitting crate. This crate has Euro-standard size 600 x 400 mm and is 280 mm high. The glass crate with double compartments accommodates 33 glasses. The most fragile part of the glass, the base, is optimally protected thanks to the double compartment design. The glassware is completely clean after cleaning in the glass crate. The coarse perforated side walls and bottom allow the rinse water and cleaning agent to access the glassware effectively, achieving a clean washing result. The glasses do not touch each other, ensuring optimal protection during storage, transportation, and cleaning in dishwashers. The glass crates have Euro-standard size and can be perfectly combined with other plate racks and stackable crates with Euro-standard dimensions. Moreover, the glass crates can be stacked on standardized bases, roll containers, and pallets without losing space. For more information, please contact our product advisor.
