# Glass crate BASIC - 600 x 400 x H 280 mm

## Product specifications

| | |
|---|---|
| Uitwendig (LxBxH) | 600 × 400 × 280 mm |
| Inwendig (LxBxH) | 568 × 368 × 271 mm |
| Capacity | 57 liter |
| Handles | Open (four openings) |
| Sidewalls | Perforated |
| Material | HDPE |
| Article number | 30.128.0105.15 |
| Weight (kg) | 2 kg |
| Temperature range | -40°C to +70°C |
| Bottom | Perforated, reinforced (base implementation no. 15) |
| European Article Number | 7,42491E+12 |
| Colorcode | RAL 7040 |
| Pallet quantity | 32 |

## Features

- **Food-safe bread crate / stacking crate**
- **Ideal for bakeries**
- **Equipped with reinforced side walls and bottom**
- **Features coarse perforated walls**
- **Has four open handles**

## Description

Stackable crate in Euronorm format 600 x 400 mm with a reinforced bottom. This grey stackable crate has a perforated bottom and perforated side walls and is made of food-grade plastic. Thanks to the reinforced bottom and perforated side walls, providing optimal ventilation for the contents, this stackable crate is highly suitable for applications in the (industrial) food sector, textile industry, hospitality, and bakeries. Due to the reinforced bottom, the deflection is almost negligible even under heavy loads and extreme conditions. With its robust construction and standardized dimensions, this is an efficient stackable crate for various applications. The stackable crate perfectly integrates with other Euronorm stackable containers and crates, as well as standardized pallets, roll containers, and mobile bases.
