# Glass crate BASIC - 600 x 400 x H 99 mm for 15 glasses max. height 72 mm and max. Ø 106 mm.

## Product specifications

| | |
|---|---|
| Uitwendig (LxBxH) | 600 × 400 × 99 mm |
| Inwendig (LxBxH) | 568 × 368 × 85 mm |
| Capacity | 17.8 liter |
| Color | Grey |
| Handles | Open (four openings) |
| Sidewalls | Perforated |
| Material | HDPE |
| Article number | 30.108.3x5.U |
| Weight (kg) | 1,64 kg |
| Temperature range | -40°C to +70°C |
| Bottom | Perforated, reinforced |
| European Article Number | 7,4249E+12 |
| Maximum glass height | 72 |
| Maximum Ø glass | 106 |
| Pallet quantity | 96 |

## Features

- **The choice of crate is determined by the dimensions of the glass, measured at the widest point.**
- **Plastic glass crate of 600x400 mm with a height of 99 mm, suitable for cleaning, storage, and transport of glasses and cups within specific dimensions.**
- **The suitability of the glass crate depends on the maximum height of 72 mm and maximum Ø of 106 mm for glasses and cups. Deviations advise choosing another crate from this series.**
- **The crate has a subdivision of 15 compartments, allowing glasses and cups to be individually placed and thus optimally protected against scratches and breakage during cleaning, storage, and transport.**
- **Ensures a clean washing result and provides good access to rinse water and cleaning agents through the coarsely perforated side walls and bottom.**
- **The Euronorm glass crates are stackable and can be combined with other bins and crates with Euronorm dimensions.**
- **Storage and transport without loss of space on standardized supports, roll containers, and pallets.**
- **For further information, please contact our product advisors.**

# Description

**Note before placing your order!**

**The dimensions of the glass determine the choice of crate. Measure the height of the glass and the diameter at its widest point.**

Plastic glass crate 600x400 mm with a height of 99 mm. Suitable for cleaning, storage, and transport of glasses and cups with a maximum glass height of 72 mm and a maximum Ø of 106 mm. The glass size determines which glass crate is suitable. If the glass is taller than 72 mm or much narrower than Ø 106 mm, choose a different glass crate in this series. We are happy to advise you.
The glass crate is equipped with a compartmentalization of 15 compartments, providing 15 individual spaces for glasses and cups. As the glasses do not touch each other, they are optimally protected against scratches and breakage during cleaning, storage, and transport. The glass crate ensures a clean washing result. Thanks to the coarse perforated side walls and bottom, the crate provides good access of rinse water and cleaning agents to the contents.
The Euro norm glass crates are stackable and can be combined with other plate bins and stacking crates with Euro norm dimensions. Additionally, the glass crates can be stored and transported without space loss on standardized supports, roll containers, and pallets. For more information, please contact our product advisors.
