Description

The plastic glass insert rack, with dimensions of 375x220x74 mm, is designed to serve as an insert rack for glasses in bistro baskets with a size of 400x400 mm. The insert rack is securely clamped into the bistro basket, ensuring that the glassware remains safe and stable during transportation and use. The glasses are placed at an angle on the insert rack, giving them a slight slope. This inclined position allows water to easily drain from the glasses, facilitating efficient cleaning and drying. With this insert rack, glasses can be transported and stored in an organized and safe manner, while simultaneously optimizing the rinsing process for an excellent result.
