Article number: 81911310

High-grade mortar tub - 90 liter

Product specifications

Uitwendig (LxBxH)	385 mm
Capacity	90 liter
Color	Blue
Handles	Two recessed handles
Sidewalls	Closed
Material	HDPE
Article number	81911310
Weight (kg)	3,3 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Bottom	Closed, reinforced

Features

Robust and versatile: Specially designed for intensive industrial use, made from high-quality, impact-resistant plastic. Resistant to tough conditions and suitable for various applications.

Dimensions: Diameter of 628 mm and a height of 385 mm, offering ample capacity for different purposes.

Ease of use: Smooth-walled construction facilitates cleaning and makes the product user-friendly.

Temperature resistant: Can withstand a wide temperature range, ranging from -30°C to +40°C, making it suitable for use in various environments and weather conditions.

Versatile applications: Used as a plant container, tree tub, garden basket, cultivation pot, and even as a safe drinking trough for horses.

Durability: Sturdy and long-lasting material makes it suitable for both indoor and outdoor use.

Usage advice: Customers using it as a drinking trough for horses are advised to regularly check for any damages and clean the tub thoroughly for the safety and health of the animals.

Transoplast quality: Striving for high-quality products that meet customer needs. The 90-liter plastic tub is an excellent choice for industrial and agricultural applications due to its versatility and robustness.
