

Industrial pallet - D3 ECO - 1200 x 1000 mm (with rims)

Product specifications

Uitwendig (LxBxH)	1200 x 1000 x 150 mm
Dynamic load capacity	1000 kg kg
Material	Recycled HDPE
Article number	83325201
Weight (kg)	14 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Black
European Article Number	7424906076021
Static load capacity	5000 kg kg
Edge height	7 mm mm
Load capacity in racks	400 kg

Features

High load capacity that is upgradable to 1000 kg in pallet racks using reinforcing sections: on request

RFID technology is straightforward to integrate into the pallet, even later on. The RFID tag holder provides durable protection against external influences.

All openings in the pallet surface go right through so are easy to clean

D3 runners are chamfered on both edges.

Raised rims around the D3 prevent the load sliding off and mutual sliding of empty pallets

D3 is extra strong due to oblique connection between the runners and the chocks

Description

Plastic pallet type D3 with dimensions of 1200 x 1000 mm. The industrial pallet is made of HDPE ECO-regenerated granules and has a low weight. The raised edges (7 mm) around the pallet deck prevent sliding of cargo and sliding of empty pallets between them. The D3 is reinforced at several vulnerable points, such as at the transitions from the pallet blocks to the pallet runners and to the pallet deck.
