Article number: 30.UE412.8Q.10

Insert bin 1/8 - 131 x 90 x H 101 mm - black

Product specifications

Uitwendig (LxBxH)	131 × 90 × 101 mm
Inwendig (LxBxH)	108 × 68 × 99 mm
Color	Black
Sidewalls	Closed
Material	PP
Article number	30.UE412.8Q.10
Weight (kg)	0,09 kg
Bottom	Closed
Pallet quantity	1900

Features

- **Usable as an insert bin in Euronorm 400 x 300 mm stacking bin, from an external height of 120 mm**
- **Insert bins may be subdivided variously**

Description

Black insert tray 1/8 made of food-grade plastic. Size 131 x 90 x H 101 mm. The black insert trays are stackable and nestable, saving 50% volume when nested. With insert trays, you can easily create compartmentalization in Euro standard stacking bins. These insert trays can be used in stacking bins, lid bins, and cases with dimensions of 400 x 300 mm and an external height starting from 120 mm. Eight 1/8 insert trays fit into a 400 x 300 mm stacking bin, placed transversely in the bin. Insert trays are available in various sizes and can be combined with each other in Euro standard stacking bins measuring 400 x 300 mm. This allows you to create a layout that suits the products you want to store. No assembly tools are needed to create a compartmentalization with insert trays. You simply place the insert trays in the stacking bin. The layout is flexible and can be changed at any time, as the insert trays are easily removable. The insert trays are also used in cabinets and drawers. Your items are then neatly organized and easy to find. The insert trays are not suitable for stacking bins with dimensions of 300 x 200 mm or 600 x 400 mm.
