Features

- **Usable as an insert bin in Euronorm 600 x 400 mm stacking bin, from an external height of 120 mm**
- **Insert bins may be stacked together**
- **Insert bins may be subdivided variously**

Description

Insert tray made of food-grade plastic. Type LIGHT in size 177 x 138 x H 85 mm. With insert trays, you can easily create a compartmentalization in Euro standard stacking containers 600 x 400 mm. Eight insert trays of 177 x 138 x H 85 mm dimensions fit into these containers. These insert trays can be used in 600 x 400 mm stacking containers with an external height starting from 120 mm. Insert trays are available in various sizes and can be combined with each other in Euro standard stacking containers. This allows you to create a layout that suits the products you want to store. No assembly tools are required for creating a compartment layout with insert trays. You simply place the insert trays into the stacking container. The layout is flexible and can be changed at any time. Insert trays, type LIGHT, have a cutout in each corner for easy removal. These trays are also used in cabinets and drawers, keeping your items neatly organized and easily accessible. Insert trays can be stacked together, with small trays on top of large ones or large trays on top of small ones.
