Nestable crate - Washing / textile basket without handles - 795 x 545 x H 457 mm

Product specifications

Uitwendig (LxBxH)	795 × 545 × 457 mm
Capacity	134 liter
Color	Black
Handles	Open
Sidewalls	Perforated
Material	Recycled HDPE
Article number	2.407.500.916
Weight (kg)	3,9 kg
Temperature range	-20°C to +80°C
Bottom	Perforated

Features

Washing and textile basket 2407.500.916 is made without stacking handles; the basket is only nestable.

Description

The nestable crate - laundry basket, measuring 795 x 545 x H 457 mm with a capacity of 134 liters, is an industrial solution that offers versatility in various environments. This basket is designed for efficiency and convenience, specifically for industrial use.
Both the bottom and side walls of this basket are perforated, offering several advantages. These perforations ensure proper air circulation, allowing the contents to breathe and promoting ventilation, which is particularly important for items sensitive to moisture or requiring air circulation.
The addition of two open handles facilitates handling and moving the basket, enhancing user-friendliness. This is especially useful in industrial settings where efficiency and speed are crucial.
The versatility of this industrial nestable crate - laundry basket makes it suitable for various applications. From storing and transporting materials and goods to serving as a laundry basket in factories or warehouses, the possibilities are diverse.
In summary, this industrial basket with perforated bottom and side walls, along with practical handles, provides a convenient and efficient solution for various industrial applications where ventilation, storage, and transportation are crucial.
