Article number: 57.1210LB9FR

Plastic export pallet - 1200x1000mm - 9 legs - nestable

Product specifications

Uitwendig (LxBxH)	1200 × 1000 × 150 mm
Dynamic load capacity	1000 kg
Color	Black
Material	Mixed recycled
Article number	57.1210LB9FR
Weight (kg)	7 kg
Temperature range	-20°C to +60°C
European Article Number	7,4249E+12
Static load capacity	2000 kg
Edge height	5 mm

Features

- **Plastic export pallet in size 1200 x 1000 mm**
- **Manufactured from regenerated material for sustainability**
- **Lightweight design for efficient and hygienic goods export**
- **Suitable for loading packed food items**
- **Stable and impact-resistant construction with 9 legs and edge rim**
- **Nestable design for space-saving storage when empty**
- **Resistant to moisture, pests, and bacteria due to material choice**
- **No pallet certification required for export to IPPC countries**

Description

Plastic export pallet in the size of 1200 x 1000 mm. The pallet is made of regenerated material. Due to its lightweight construction, it's an ideal pallet for efficient and hygienic goods export. The export pallet is suitable for loading packaged food products. A stable and impact-resistant export pallet with 9 legs and an edge. The pallet is nestable, allowing it to be nested efficiently when empty, saving space. Plastic export pallets do not absorb moisture, pests, or bacteria. A pallet certificate for IPPC countries is also not required.
