Plastic export pallet - 800x600mm - 6 legs - nestable

Product specifications

Weight (kg)	3,2 kg
External dimensions (l x w x h)	800 x 600 x 140 mm
Temperature range	-20°C to +60°C
Color	Black
Material	Mixed recycled
Static load capacity	1000 kg
Edge height	5 mm
Dynamic load capacity	500 kg

Features

- Export pallet on six feet with rim
- Suitable for loading packed foodstuffs
- Nestable display pallet of 800 x 600 mm
- Made from regenerated plastic
- Designed for efficient export logistics
- Ideal for safely transporting packed foodstuffs
- Suitable for use in displays and presentations
- Space-saving design allows nesting for compact storage
- Durable material provides long-lasting performance and reuse options

Description

Nestable plastic pallet 800 x 600 mm. Designed with six legs. The lightweight version in regenerated material is suitable for goods export, for display applications, as well as for storing packaged food or, for example, tires. In their empty state, the pallets can be efficiently nested, saving space. The pallet is lightweight, impact-resistant, and stable. Exporting on a plastic pallet is more hygienic than on a wooden pallet, as plastic pallets do not absorb moisture, pests, or bacteria. A pallet certificate to IPPC countries is also unnecessary.
