| Weight (kg) | 8,75 kg |

**Bottom frame with ribs.**

**Wheels with stable four-point plate fitting.**

**Also suitable for different sizes of buckets, boxes, etc.**

## Description

Robust mobile base 610 x 410 x H200 mm. With four galvanized swivel casters Ø 100 mm with non-marking rubber tread. Suitable for 600 x 400 mm and two 400 x 300 mm containers. Thanks to the grid frame, the mobile base is universally applicable. This allows not only standard Euro norm containers and crates but also cargo in different sizes to be easily transported on the base. The mobile base is also an excellent tool for moving boxes, barrels, and buckets.
