Plastic trolley - universal - rubber swivel castors

Product specifications

Uitwendig (LxBxH)	615 × 415 × 185 mm
Dynamic load capacity	250 kg
Color	Orange
Material	ABS
Article number	2.800.520.312
Weight (kg)	4,2 kg

Features

The trolley frame has a stepped structure and is therefore suitable for different base sizes.

Trolley 2800.520.312 is provided with four •Ø 100 mm swivel castors with non-marking rubber tread and galvanised housings.

Description

Plastic dolly 615 x 415 x H185 mm. The base is equipped with four galvanized swivel casters with plastic wheels Ø100 mm (PP). For easy transport of 600 x 400 mm or two 400 x 300 mm containers. The mobile base is heavily loadable and therefore an excellent tool for moving Euro norm containers and crates. Due to the stepped shape of the frame, it is also particularly suitable for containers with deviating bottom dimensions, such as nestable containers with a conical shape.
