SB3 plastic palletbox - 1200 x 1000 mm - perforated - on 9 feet - grey

Product specifications

Uitwendig (LxBxH)	1200 × 1000 × 790 mm
Inwendig (LxBxH)	1110 × 910 × 620 mm
Capacity	610 liter
Color	Grey
Sidewalls	Perforated, reinforced
Material	HDPE
Article number	81940891
Weight (kg)	40 kg
Temperature range	-30°C to +40°C
Bottom	Perforated, reinforced
Max. load capacity per box	700 kg
Max. static stacking load	5000 kg
Max. dynamic stacking load	1200 kg
Pallet quantity	4

Features

- **Grey perforated pallet box of type SB3**
- **Dimensions: 1200 x 1000 mm**
- **Flat, smooth inner walls that are easy to clean**
- **Perforated side walls and bottom for ventilation and drainage**
- **Easy-to-clean inner walls for hygienic applications**
- **Perforations in side walls and bottom promote ventilation and drainage**
- **Suitable for storage and transport of various goods**
- **Ideal for use in the food industry due to hygienic properties**

Description

The grey SB3 pallet boxes are perfectly stackable with similar pallet boxes, allowing them to seamlessly integrate into an existing pool of pallet boxes. The SB3 is produced in one piece with 9 legs, minimizing breakage at these vulnerable points. The SB3 pallet box is stable, impact-resistant, and ideally suited for heavy-duty use and situations where frequent tilting with a turntable is required. The bottom wall panels of the pallet box are reinforced to prevent collision damage from forklifts. The grey box is made of 100% new and frost-resistant material, making it suitable for applications in the food industry. Two standard provisions for placing RFID transponders are located in the upper edge, enabling tracking and tracing of the box and cargo. The SB3 pallet boxes are equipped with a 1" outlet on one short side and a 2" outlet on one long side.
