Description

Plastic Grey Euronorm Stacking Container 300 x 200 x H118mm - 5 Litre

This grey plastic stacking container measuring 300 x 200 x 118 mm from the SOLID LINE series is a sturdy and hygienic solution for efficiently storing, sorting and transporting light goods. With a capacity of 5 litres, this stackable utensil tray is particularly suitable for applications in event catering, the rental industry and the industrial sector.
Thanks to its closed design with smooth bottom, sealed side walls and closed grip edges, the container is easy to clean and highly resistant to intensive use. The material is food-safe and temperature-resistant, making the container suitable for use in various environments, from cold storage rooms to production lines.

Easy to Stack and Available with a Hinged Lid

The Euronorm dimensions make this plastic container perfectly stackable with other containers of the same size. The construction is also prepared for the installation of a hinged lid, which provides additional functionality and protection during transport or storage.
