Features

Modern stackable container / cutlery tray from the SOLID LINE; primarily for event catering and rental, as well as for industrial applications.

The stackable container features a smooth bottom.

Suitable for mounting hinged lids.

Description

Fully enclosed stackable container in Euro format 300 x 200 mm with closed handles. Made from food-grade plastic. This stackable container has a practical small size and is easy to handle due to the closed handles on both short sides. The plastic stackable container can be stacked stably and is perfectly compatible with our other Euro standard stackable containers. Due to its small size, this stackable container is ideal for use, among other things, as a cutlery tray in the hospitality industry and rental services.
