Features

Stacking bin is provided with an extra strong diamond-pattern base

Description

This yellow stacking container in Euronorm format 600 x 400 mm is fully enclosed, including closed handles. The 55-liter volume is optimally utilized as a result. The bottom is reinforced and features a diamond-shaped construction. The container is heavily loadable and suitable for both food and industrial applications. Due to standardized dimensions, the stacking container perfectly combines with all other Euro containers and also with standardized pallets, roll cages, and mobile bases.
